7th July 2021

Dear Passenger,

I am writing to inform you that we hope to restart our services commencing with the Tiverton run on Tuesday 3rd August.

Restarting is subject to the government's planned relaxation of Covid restrictions on July 19th. If the planned relaxation goes ahead, we will be able to carry a full bus of passengers and the wearing of face coverings will be entirely up to individual passengers.

Restarting the service is also subject to passenger support. We will initially be going ahead without the financial support of the Wednesday trips so we do need passengers to use the bus. Unless the bus is used we will have difficulty maintaining the services. In short, please use it or we risk losing it.

The runs will follow our previous timetables and bookings are to be made by ringing Colin (01884 881 351) for the Tiverton route and Michele or Tim (01398 341 977) for the Barnstaple and South Molton runs.

It has been difficult to contact some passengers during the pandemic. I have therefore amended the passenger permission sheet to allow passengers to record a contact e-mail address and their full postal address. It would be appreciated if each of you would complete the form and return it to me at Higher Haydon or by handing it to the driver on your next trip.

Finally, please advise all other passengers with whom you are in easy contact of the above. If possible, please give them copies of the letter and the permission sheet.

My best wishes,

Malcolm D. Jowitt

Treasurer
